How It Works

Our SG Proffin 365 ERP platform acts as a central hub for all your business processes — and it talks directly to your chosen accounting software. Whether you use Xero, QuickBooks, or ABSS, the integration ensures your invoices, payments, journals, and tax reports are always in sync.

Why Integrate ERP with Xero, QuickBooks & ABSS?

- ✓ **Real-Time Data Sync :** Automatically sync sales, purchases, inventory, and financials between your ERP and accounting system.
- ✓ **Eliminate Manual Entries:** Save time and reduce errors by avoiding double data entry across platforms.
- ✓ **Faster Month-End Closing:** Instantly update ledgers, reconcile accounts, and access accurate financial reports.
- ✓ **GST & Tax Ready:** Ensure tax compliance with up-to-date data pulled from ERP into your preferred accounting software.
- ✓ **Inventory & Finance in Harmony:** Track stock movement and costs in real-time while keeping financial records perfectly aligned.
- ✓ **Multi-Platform Flexibility:** Choose the accounting system that fits your business — our ERP integrates with all three.
- ✓ **Enhanced Business Insights:** Access consolidated dashboards that combine operational and financial metrics.
