Rateboard TV App

Live Rates & Clear Display

About Rateboard TV App

The mChanger.sg RateBoard TV App is a smart display solution designed for money changers to showcase real-time currency exchange rates directly on TV screens. Integrated with the mChanger system, it automatically syncs buy/sell rates and updates instantly—eliminating the need for manual boards or spreadsheets.

Easy to configure and customizable, the app ensures clear, attractive, and professional rate displays for walk-in customers

Features

Live Rate Display

Show real-time currency exchange rates digitally in your shop or online.

Customizable Layout

Choose how currencies are displayed—reorder, hide, or highlight specific rates.

Sync with Partner Portal

Any rate update made via the app or portal reflects instantly on your rate board.

Multi-Currency Support

Display multiple currencies with their buy/sell rates in one clean view.

TV/Screen Display Ready

Easily cast or connect the rate board to screens for customer-facing displays.
